

## **Instruction**

1. Select a topic related to **English Language Learning and Teaching**.
2. Within the same topic, select **three (03)** empirical studies (articles/ papers).
3. Summarise each study focusing on the following areas:
  - research problems
  - research questions
  - research aims
  - research approaches and designs
  - data collection and analysis tools
  - research findings.
4. Comment on the three studies following the criteria discussed in the lecture.

The assignment will be presented in **a PowerPoint file**.
